Dear Paul,

It's time that I sit down and tell you again how much I and the people of St. Anthony's Parish enjoyed your music and presentation.

Over the following weeks, I heard from many parishioners how impressed they were with your songs, your message and your voice. This being your first time visiting our state, our diocese and our parish, we are honored to welcome and introduce you to our diocesan community.

You have a unique message to bring, one which demonstrates how faith can serve to overcome the obstacles and keep us from the life of fulfillment that Christ has promised. Your music offers an encouragement that reaches out and brings the Lord in, opening us up to his ever present love.

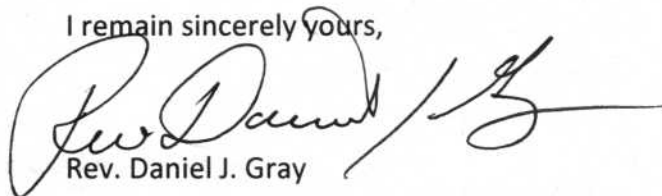

Both your presentations during mass and at the concert heightened the sense of worship and adoration that can be found in songs of faith.

I have spoken with a few of my brother priests, both within and outside the diocese, and encouraged them to consider inviting you for an evening of music and witness.

Once again I thank you for a wonderful experience and look forward to inviting you back to St. Anthony's in the near future.

Scripture tells us to *'make a joyful noise unto the Lord,'* may your voice carry joyful noises of witness and faith to lighten the hearts and lives of those you meet.

I remain sincerely yours,

Rev. Daniel J. Gray
