

St. Michael
Parish Community

August 8, 2011

To whom it may concern:

This letter will serve as an introduction to Paul Koleske who recently ministered in the parish community at St. Michael in Exeter.

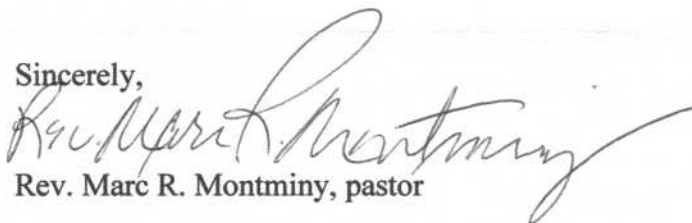

Paul was present for the weekend Masses as well as for a Concert/Reflection on Sunday Evening.

Paul's music was integrated with our own music program at all the Masses thus enabling the parishioners to become better acquainted with Paul and the message that would be shared later during the weekend concert.

The parishioners were moved by the presentations. Hearts were changed and lives were touched deeply. One woman decided to begin the RCIA process at the end of the evening and many people commented on the peace and healing which they experienced as Paul spoke and sang of Christ as the center of our lives.

I would recommend Paul for a concert/reflection and or parish mission.

Sincerely,

Rev. Marc R. Montminy, pastor
