Dear Paul:

Thank you so much for bringing your ministry of word and song to St. Catherine of Siena Church. It is rare to find someone who is not only a musician, but also one who knows what it means to minister to others through music. Following your appearance at liturgy, and again following your concert, many people mentioned to me how powerfully your original music, as well as your faith which inspired it, touched them. This is indeed ministry, in the truest sense of the word. God has blessed you with gifts of musicianship, ministry and witness, and we appreciate your sharing them with our faith community.

May God's abundant blessings be with you and your ministry. Thanks again!

Sincerely,

Mike Kiebel  
Director of Music  
Artistic Director, Siena Arts program
