Mr. Paul Koleske
Paul Koleske.com

Dear Paul,

Thank you for your visit to our parish on the weekend of March 16, 17. Our people were blessed with your visit. I am writing the following so that you might be able to share with other priests what I feel occurred among us:

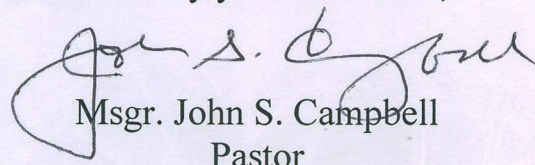

The singing before Mass was great for the people to prepare them to pray the Mass. The hymns were an excellent selection and the voice was not jarring but soothing. There was a very positive reaction among all the different age groups who attended the four Masses.

The concert on Sunday afternoon was well attended and was well appreciated. I believe that the word "concert" is inadequate. You hour and one-half with the people was filled with witness and personal prayer put to music. It was a grace-filled spiritual nourishment for all who attended.

I highly recommend your work to my fellow priests.

I am looking forward to discuss with you a future visit to expand on what was begun this past week. May God continue to bless your ministry and make your gifts available to more people.

Sincerely yours in Christ,

Msgr. John S. Campbell
Pastor
